# Sentence Sense Website Redesign

- We are redesigning the website for Sentence Sense, an online grammar course.
- Creating a custom content management system for Evelyn Farbman.
- The old website no longer fulfills the goals it was intended for.

# In the last 2 weeks...

- Fiddling with wordpress code
- Looking at options for site navigation
- Receiving feedback from client
- Importing content
- Creating duplicate themes

# Difficulties

- Understanding design specifications
  - Client has her own ideas about design
  - Giving us design freedom
  - Going back to the old design?
- Altering wordpress code to our liking
  - A lot of code to digest
  - What's affecting what?
- Working in duplicate themes
  - One at a time
- It's week 8 already...? o.O
